On 4/28/2015 AdvancedMD made changes to it's online EHR Charge Ticket. Those changes are outlined below.

1. You will notice the new charge ticket will look different from the start. Initially, you now see an "Appointment" tab with a summary of the selected appointment. It should look similar to this:

2. To complete the charge slip, select the "Charge Slip" tab above the appointment information window. You will then see a window with procedure and diagnosis codes. You can change the number of columns that display by using the dropdown boxes circled in red below.
