Quality Measures 2017

Andrew Smith - 2017-04-04 - MIPS

Quality Measures - *Replaces PQRS in 2017*

Requirements:

1. Report on 6 measures for a minimum of 90 days.
    a. One of the measures must be an outcome measure
        i. This is noted in the “Measure Type” column
    b. If an outcome measure is not available for your specialty, a high priority measure may be used instead.
2. Submission via
    a. Claims Based
    b. Qualified Registry
    c. EHR (Not all EHR measures are available)
3. A list of measures is attached. A searchable list can be found at
